- M9 Training water / sanitation committee
- M10 Man repairing tap
- M11 Woman raking up near tap
- M12 Woman digging drainage ditch
- M13 Checking the tap
- M14 Committee in front of latrines/tap
- M15 Man cleaning communal tap

ACTIVITY: PROBLEMS AND SOLUTIONS

Each participant chooses a picture that shows a problem you have in your area. Alternatively as a group participants can make a story with a few cards to show what happens and how these issues can be solved.

Discuss how water and sanitation can be improved by better management structures within the community.

How will this be achieved?

ROLES AND RESPONSIBILITIES

Discuss who is responsible for different aspects of sanitation within your community.

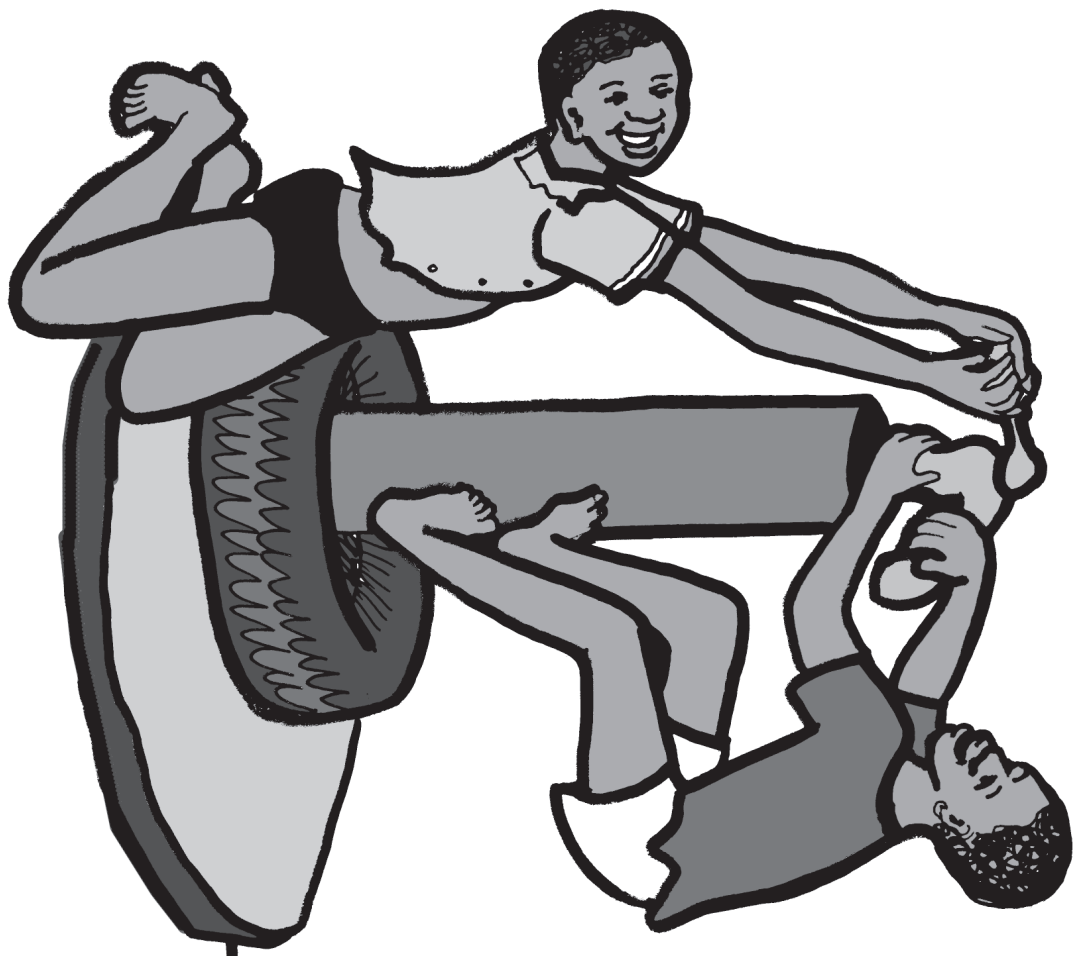

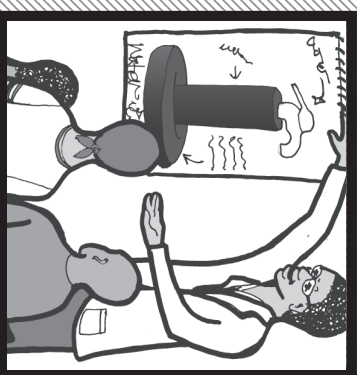

It the toilets are in a bad state who should attend to them?

- If they have been vandalised?
- If they are dirty?
- If they are blocked?
- If they are locked?
- If there has been a crime?
- Who will be responsible for reporting about toilets?
