**ACTIVITY: Three Pile Sorting      TIME: 1 Hour**

1. Divide participants into smaller groups of 10-16.
2. Give out a set of cards to each group, and ask each person to select one card each.
3. Each person should describe the card they have selected to their own group.
4. Each group should discuss all the cards and sort them into three piles according to how safe they are:
  1. Safe
  2. Unsafe
  3. Not sure
5. Once all groups have sorted their cards, let them feed back to the whole group on their decisions and why, and encourage debate.
6. At the end the group should decide on the best source of water and best method of carrying and storing drinking water.

**ACTIVITY: Good Water Song      TIME: 1 Hour**

**Make up a song using cards W2-W16 (also use cards from 'D' Drinking set)**
