CHC AHEAD COMMUNITY MONITORING SYSTEM FOR CHC INTERVENTIONS

CHC AHEAD WEBSITE

The screenshot shows the CHC AHEAD website interface. At the top, there is a browser address bar with the URL <https://www.chcahead.com>. Below the address bar is the CHC AHEAD logo and a search bar. A blue navigation bar contains a "Log in" link. The main content area features a large background image of a group of people. On the left, a section titled "CHC Monitoring & Evaluation" includes a video player titled "Introduction to CHC AHEAD - Data Mon..." and two pie charts labeled "Sanitation Level Achieved". On the right, a section titled "Track, Monitor, Evaluate & Present your CHC Programme Data" includes a text description: "Collect raw data via our integrated mobile data collection tools and generate charts and visualisations for your data presentations." Below this text is a "Preview" window showing a line graph with a yellow line and a control panel with options like "Number of items to show" and "Show from (30)". At the bottom, an "Evaluation Topics" section displays six icons: a water tap, a water jug, a roll of toilet paper, a hand holding a heart, an apple, and a heart with a pulse line.
